Our Vision

Education is the key to the vitality and sustainability of our community. The Garrett County Public School System maintains an environment in which staff, students, parents, and the community work collectively for a brighter tomorrow. While celebrating the culture and traditions of Garrett County, the schools create an environment where students are nurtured to become productive, enthusiastic, and successful members of society.

Students will be active and engaged learners, who enjoy school. They will meet the challenges of robust curricula in a climate that is open, fair, honest, and respectful to all people. Schools, as learning communities, will offer opportunities for students to achieve excellence in their academics and compassion in their interactions and relationships with others.

Partnerships are integral to building a culture of rigorous, high-quality instruction in which excellence in student achievement is normative and ensures learning and success for all students. Community contributions are encouraged and valued. Partnerships support tangibly the innovation and creativity embedded in the school system and will energize the achievement of all students.

Highly-qualified employees will be recruited and hired who –

- Value students, parents, and the larger community
- Create and sustain learning environments in which students can realize their dreams
- Seek continuous improvement through staff development and curriculum implementation
- Immerse themselves within the schools to produce vibrant learning communities
- Demonstrate stewardship of the school system's resources

Parents and families are critical to the success of students. Their involvement, participation, and engagement in the school system will benefit teaching and learning for all students. In cooperation with school staff, parents and family are important in building their children's self-confidence and assisting them in acquiring the skills necessary for lifelong success and public engagement.

Our Mission

The mission of Garrett County Public Schools, in partnership with our community, is to inspire and foster student growth by providing rigorous instruction and learning opportunities, sustaining a culture of excellence, and preparing our students for life in an ever-changing world.

Our Goals

- All students will be challenged with a rigorous instructional environment preparing them to become life-long learners and responsible citizens.
- Partnerships with all members of our community will be fostered and strengthened by engaging them in the education of our children.
- All students and staff will learn in a safe, secure, and caring environment where everyone is valued and respected.
- Every department and school will be a good steward of system resources and will manage them in a cost-effective manner.
- All employees will be highly qualified and effective in their jobs contributing to a self-renewing organization.

Budget Initiatives

of the GCBOE's Approved Fiscal 2024 Operating Budget

In support of the defined Mission, Vision, and Goals of the Garrett County Board of Education, as well as the ESSA Plan for Garrett County Public Schools, the goals of this budget proposal include:

- Accelerating Academic Achievement - It is imperative to meet our students where they are and accelerate their academic achievement. This includes intervention and enrichment, credit recovery, and summer programs. Unrestricted funds will be braided with restricted federal and state funding.
- Addressing the Social and Emotional Wellbeing of Students and Staff - As the COVID-19 pandemic reaches the three-year anniversary mark, the effect is widespread for both students and staff. This budget addresses mental health with increased behavioral support and an emphasis on professional development and support. Unrestricted funds will be braided with restricted federal and state funding.
- Moving GCPS forward by continuing to build instructional excellence, addressing the capital improvements and needs, implementing the Board's strategic facilities plan, and continuously improving the efficiencies of central support.

Garrett County Public Schools is committed to transparency and accountability in its budget development process. Each year GCPS staff begins the budget development process internally in October when student enrollment counts are due to the Maryland State Department of Education. The Director of Finance is responsible for assisting the Superintendent in facilitating the process. There are many useful resources and information to explain how the budget is developed on our website. During the FY2024 budget development process staff was also preparing the district's first Blueprint Implementation Plan. The Superintendent leveraged much of the stakeholder feedback to allocate resources for the budget.

BLUEPRINT

FOR MARYLAND'S FUTURE

GCPS Blueprint Implementation

Garrett County Public Schools is fully committed to the implementation of the Blueprint for Maryland's Future (Blueprint). The Blueprint is a comprehensive education reform legislation that was passed in 2021, with the goal of transforming public education in Maryland to provide a world-class education for all students.

The Blueprint provides a framework for transformational change focused on five policy areas to improve educational outcomes for all students. The five policy areas include:

- Pillar 1: Early Childhood Education
- Pillar 2: High Quality Teachers and Leaders
- Pillar 3: College and Career Readiness
- Pillar 4: More Resources to Ensure All Students are Successful
- Pillar 5: Governance and Accountability

One of the primary outcomes of the Blueprint is to "improve the quality and equity of Maryland's education system so that all Maryland students, regardless of where they live, household income, race, ethnicity, gender, language spoken at home, disabilities, and any other unique characteristic, can leave high school globally competitive and prepared for success in postsecondary education, work, and life" (Accountability and Implementation Board, 2022, p.11).

As such, Garrett County Public Schools recognizes the importance of the Blueprint initiatives and is committed to implementing them as required by law to create improved outcomes for students. To view full details of Blueprint for Maryland's Future as it pertains to GCPS please visit our website, www.gcps.net/blueprint.

Weighted Student Funding

The Blueprint for Maryland's Future Funding formula is weighted student funding. That means the formula provides resources to local education agencies (LEAs) based on total student enrollment and on the enrollment of certain student subgroups. The law details the Blueprint Revenue Programs and the student subgroups.

Weighted Student Funding allocates dollars directly to schools based on the number of students enrolled and the specific needs of those students. Certain student needs and characteristics, such as English language learners or students in particular grade levels, will be given a predetermined weight that translates to real dollar amounts.

Garrett County Public Schools had traditionally allocated resources to schools based on student/teacher ratios. Funding for supplies and materials was also allocated on a formula based on student enrollment. Every student and every school are not the same. GCPS is committed to making transparent budget decisions that work in the best interests of all students regardless of what school they attend. Our goal in this new paradigm is to increase equity in funding, empower school leaders and support systemic priorities.

- **STUDENT-FOCUSED** – provides resources based on students, not on buildings, adults, or programs.
- **EQUITABLE** – funds will be equitably allocated to each student at each school based on his or her educational needs. Funding will be allocated to students with similar characteristics, regardless of which school they attend.
- **TRANSPARENT** – GCPS' method for allocating Blueprint Revenue Program resources will be based upon this formula.

Current Expense Fund:

Estimated Revenue

Unrestricted, Restricted, and School Activity

The Current Expense Fund is reported in the Board's Annual Financial Report as a consolidation of the Unrestricted, Restricted, and School Activity Funds.

Current Expense Estimated Receipts

Receipts to support the Garrett County Board of Education requested expenditures described elsewhere in the budget come from four sources: 1) The Federal government through the State of Maryland; 2) The State of Maryland; 3) The local county government; and 4) local boards of education funds.

The largest amount of funds (i.e., those from the county tax levy and State Aid) are largely unrestricted in that they can be utilized by the Board of Education in any of the various expenditure categories of the budget. Almost all other funds available are restricted in that those funds can only be spent for specific purposes.

Budget expenditures are funded by first matching restricted revenues with specific expenditures in both the dedicated and current expense portions of the budget. Next, the Major State Aid Blueprint Program revenues, both State and Local shares, are matched with required categories of the budget. The estimated prior year's budget balance can also be spread throughout the requested expenditure budget at the discretion of the Board of Education. The final determinant of how much and what can be allocated to the various categorical expenditures rests with the amount of funding that the county government allocates to the Board of Education from the county tax levy. If the county government provides an amount above the local share of the Blueprint Revenue Programs, other expenditures can be funded. Conversely, if sufficient funds are not made available to meet requested categorical expenditures, a reduction in the categorical expenditures would ultimately have to be made.

Restricted Program Revenue

FEDERAL FUNDS THROUGH STATE: RESTRICTED

Please refer to the Approved Expenditures: Dedicated section for a description of these programs as well as a categorical listing of budgeted expenditures.

STATE OF MARYLAND: RESTRICTED

In Fiscal Year 2024, it is anticipated that seven programs will be funded through restricted State funds. There is one Blueprint for Maryland restricted fund, Concentration of Poverty, that is awarded to a specific school.

Unrestricted Revenue

STATE OF MARYLAND MAJOR STATE-AID

These funds are determined by state aid formulas described in the Annotated Code of Maryland.

FEDERAL AND STATE FUNDING

Revenues within the General Current Expense fund include funds received from state Special Education funds for Non-Public placement. Federal funds include JROTC (\$120,000). State funds include Transfers from Maryland LEA's (\$35,000).

LOCAL FUNDING

Local Other Revenues include estimates for short-term interest (\$15,000), other building use (\$15,000), Head Start contracts (\$30,000), and Special Olympics (\$15,000).

County Government is the amount requested of the County Commission for the Board of Education for the regular Operating Budget.

Board of Education Fund Balance represents funds from the fund balance necessary to fund the operation of the school system in the next fiscal year.

School Activity

SCHOOL ACTIVITY FUNDS

This revenue is generated at the school level as student payments, sales, miscellaneous revenue (fundraising) and interest earned.
