Accountability

# Interim College and Career Standard

Background on CCR Standard and Research Study

## CCR Interim Standard (Current)

- The **CCR interim standard**, that is in effect now, was **specified in the Blueprint legislation and adopted by the State Board of Education** in February 2022.
- A student meets the interim CCR Standard if **they meet or exceed the standards on the state assessments in both English and math.**

### Blueprint Interim CCR Standard (Currently in Effect)

English		Math
<b>English 10</b> <ul style="list-style-type: none"><li>• <b>Score 3 or 4 on Fall or Spring MCAP (2022 – present)</b></li><li>• <b>Score 2 or 3 on early Fall 2021 MCAP</b></li><li>• <b>Score 4 or 5 on the PARCC (2015 - 2019)</b></li></ul>	<b><u>AND</u></b>	<b>Algebra I, Algebra II, or Geometry</b> <ul style="list-style-type: none"><li>• <b>Score 3 or 4 on Fall or Spring MCAP (2022 – present)</b></li><li>• <b>Score 2 or 3 on early Fall 2021 MCAP</b></li><li>• <b>Score 4 or 5 on the PARCC (2015 - 2019)</b></li></ul> <b>Or score 520 on the Math SAT</b>

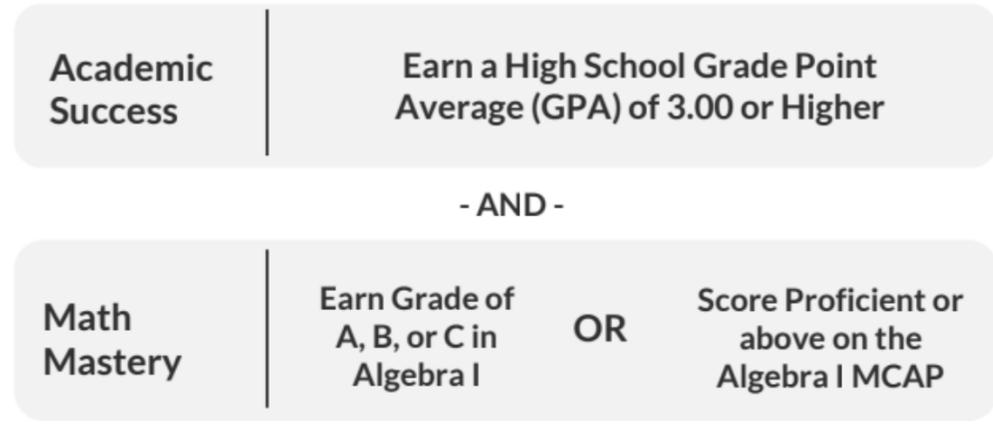

The Maryland State Board of Education adopted the interim standard on February 22, 2022, based on Blueprint Statute.

# Newly Adopted CCR Standard

## CCR Standard: Recommendation for Adoption

### CCR Standard: Recommended Proposal

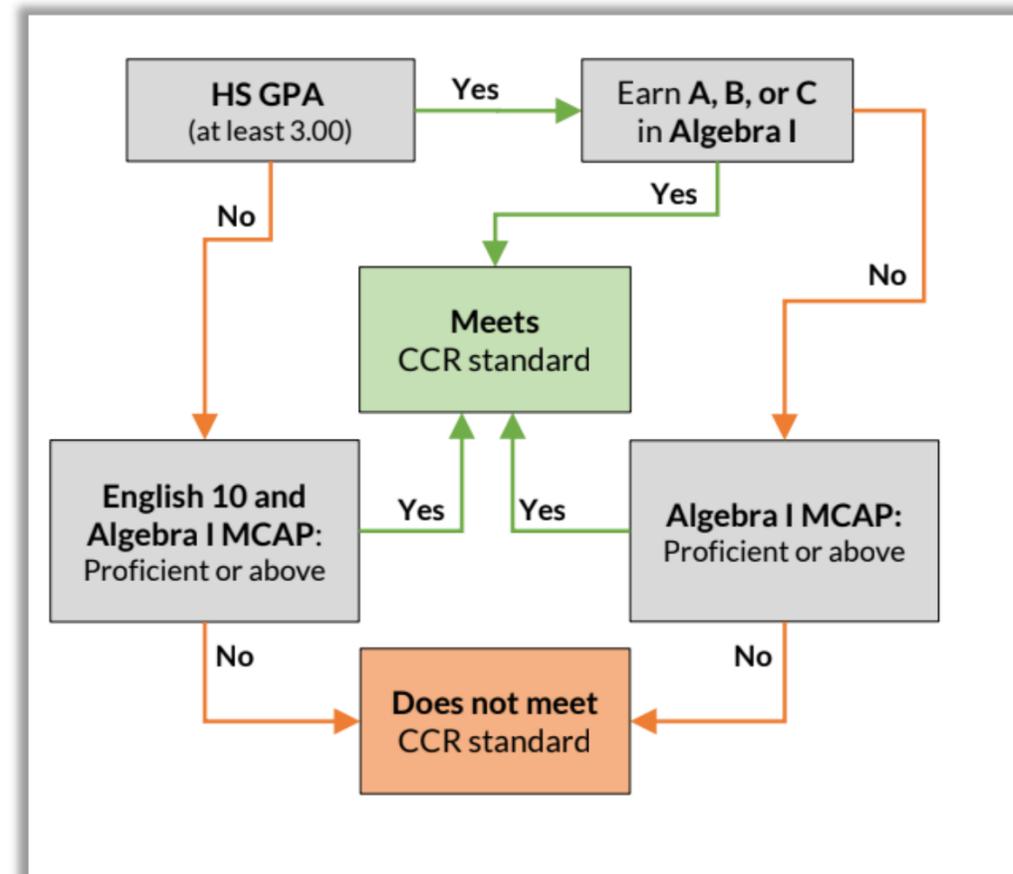

#### OPTION 1

#### OPTION 2

Score Proficient or above on the ELA 10 AND Algebra I MCAP Assessments

### Recommended Proposal Flow Chart

# New CCR Standard Implementation Timeline

## Proposed Implementation Timeline

As part of the new CCR Standard proposal, the revision may be implemented with this timeline:

- **Student Identification**
  - Based on data up to and including the 2023-2024 school year, eligible 9<sup>th</sup>-12<sup>th</sup> students will be identified as meeting the new CCR Standard for the 2024-2025 school year.
- **Data Collection**
  - Data on students meeting the new CCR Standard will be collected in the High School Data Collection (HSDC) beginning with the 2023-2024 school year. The 2023-2024 HSDC collection will include data on graduating classes of 2024-2027.
- **Funding**
  - CCR per-pupil funding amounts beginning with FY26 will be based on the new CCR Standard.

# Maryland State Department: Next Steps

## Next Steps

### A. CCR Standard Adoption

1. MSDE recommends the State Board of Education adopt the recommended CCR Standard as presented, to be effective for all high school students starting in the 2024-2025 School Year.
2. The State Board of Education and MSDE will continue to study, monitor, and evaluate the effects and implications of the newly adopted CCR Standard.
3. MSDE will work with LEAs and schools to communicate with parents, students, educators, and the wider public on the development, purpose, and impact of the CCR standard.

### B. Future Policy Initiatives

1. Prioritize the Launch Years Initiative, which is charged with using data to develop recommendations to improve alignment of mathematics content, courses, pathways and related educational policies. The goal is to complete this work by June 2024.
2. Draft and adopt a Statewide secondary grading policy, to be implemented in School Year 2025-2026.
3. Examine the CCR Support Pathway, for students who do not meet the standard, and provide guidance for LEAs by Fall 2024.
4. Tentatively study aligning the CCR Standard with Graduation Requirements and provide recommendations by Summer 2024, to be implemented in School Year 2025-2026.
